**6A2-3 Brandon Brown Returns Home to  
California to Help His Team Level Up**

**“How do you take care of yourself? Focus inward and treat yourself with more kindness and patience. If you aren’t taking care of yourself, you can’t take care of your customers, colleagues and family members.”**

**Hironari Ohshiro  
Enagic Founder and CEO**

# Message from Mr. Ohshiro

## Enagic's Message of Compassion Continues to Resonate with People Across the World

Independent Distributors constantly reinforce what we've known at Enagic since I started the company 50 years ago. The foundation for our culture and Human-Based Marketing strategy, which has changed how people drink water around the world, is different from other businesses.

Many powerful emotions were on display at the Enagic 50th Anniversary Global Convention in Okinawa, where almost 8,000 participants gathered to celebrate and share personal stories. One theme kept coming up, and has stood out as a driving force in our growth: compassion.

A message of compassion remains a key part of our mission. As Independent Distributors have discovered by drinking and sharing Kangen Water® for decades, what started as a ripple effect has become a tidal wave. It isn't an accident that over 2.2 million families now drink Kangen Water®. This is due to a powerful belief in products like Kangen Water®, Ukon and Anespa, and in each other. We've built a network based on human connection and heart-to-heart interaction. Together we succeed in business and in life by leading with compassion.

To become successful as an Independent Distributor, it is vital to support and show compassion for your customers and team members. They will come to trust and respect you if you demonstrate a commitment to serving their interests first. Listen to what they are seeking. Help them grow. Motivate and encourage them. Think less about your own success. Success will come as you establish yourself as a leader and a resource for your customers and team.

After you share Kangen Water® and build a team based on compassion, commissions will come. The Enagic 50th Anniversary Global Convention was a reminder of this approach. We celebrated Independent Distributors who have succeeded by including their community, building trust with friends, family and neighbors, and contributing to everybody's well-being.

Show support and respect to other team members and they're likely to reciprocate. Start with one person and repeat a compassionate message, day after day, and before long, your circle of appreciation and gratitude will grow and thrive. Keep sharing and drinking Kangen Water®!

*Hironari Ohshiro*  
Enagic Founder and CEO

# Change Your Life Story

**Brandon Brown**

**6A2-3**

6A2-3 Brandon Brown grew up in Los Angeles and has been living in Vancouver, Canada, but felt a strong pull to move back to his home state. He says, “I plan on really taking Enagic to the next level and tapping into the California market.” Considering he recently performed as the #1 6A2-3 in the Enagic 50th Anniversary Contest, he’s primed to make an even bigger push in the future.

Brandon discovered Enagic and Kangen Water® through 6A2-4 Shane Carling. “Once I drank Kangen Water® and saw Enagic’s patented 8-point compensation plan I was sold,” he says. Brandon bought a Trifecta - Kangen Water® ionizer Ukon and Anespa - the next day.

“What initially appealed to me about Enagic was the concept of Change Your Water, Change Your Life,” Brandon says. “I grew up drinking out of a water hose and I had no idea that all water is not created equal. Once I realized that Kangen Water® is absolutely transformational and is paired with an amazing compensation plan, I fell in love with it and I’ve never looked back.”

Brandon sold his first Kangen Water® ionizer to a reluctant student, Jenn Hildebrandt, who was working for a skin care company at the time. “I told her I didn’t know much about the water, but I knew that this compensation plan and this business model was absolutely transformational,” Brandon says. “She said no at first, but I persisted that she really take a look at this deeply and catch a vision for what this is all about. And she ended up signing up and she is now 6A2-3.”

Brandon previously earned a living as a trainer, teaching home-based business owners “how to leverage the power of the internet to generate leads and sales.” By working as an Independent Distributor, Brandon has harnessed the power of lessons he learned from those experiences.

“My education prior to Enagic was deeply rooted in the power of leveraging social media and cutting-edge technology to generate leads, customers and sales,” Brandon says. “I just applied those mechanisms to Enagic. That’s how I became a 6A2-3.”

Not that he’s done by any means. “My future goal with Enagic is to become the #1 6A2-8,” Brandon says. “I know that I will accomplish this as long as I put God first and I keep running it.”

To motivate and educate his downline, Brandon relies on Zoom. “Every month we host 8 Zoom calls as well as another 4 on closing,” he says. “The first 8 that we do throughout the month are team training and onboarding. The last 4 are all about sales and closing on social media.”

Of course nobody can live on Zoom alone. Brandon has built a full life beyond Independent

Distribution that helps to bring him balance and joy. “I love going to the movies, hanging out with family, and playing with my kids,” he says. “I love traveling, going on vacation, and just having a really amazing time in different countries and exploring different cultures.”

Brandon’s success in life and as an Independent Distributor is a testament to his determination. “I have no college degree. I have no formal education. In fact, I graduated from high school with a 1.0 GPA,” he details. “I was actually a special education student. One of the things that I love about Enagic is that it creates an opportunity for people even if they have learning disabilities or they didn’t go to college or they weren’t a success in society.”

# Australia Distributor Profile

**Durga Agrawal**

**6A**

After spending 17 years in the Information Technology field, juggling work and motherhood felt overwhelming for 6A Durga Agrawal. “I craved more time with my girls, but still needed financial stability,” she says. Thankfully, 6A Nidhi Patil introduced her to Enagic in 2020. “I felt a rush of excitement to explore it further,” Durga says. “I was hopeful that it could bring me the success and balance I desperately craved.” Independent Distribution has provided better balance.

Durga has lived in Australia for the past 16 years, but she was born and raised in India. She earned a Bachelor of Engineering degree in IT in Mumbai. While still involved in her Information Technology career, she pursued a Data Science diploma to advance her skills and knowledge.

“Coming from an IT background proved invaluable during the training sessions,” Durga says. “I found it easy to understand the business concepts and I could easily relate to leads, buyers, and distributors because of similar struggles as a working parent. This connection led to quicker conversions in the business, filling me with a sense of accomplishment.” Past experiences provided added benefits. Durga says, “Managing teams in my previous job helped me stay connected with my team in this new venture, fostering a sense of camaraderie and support.”

Durga sold her first Kangen Water® ionizer to a woman in her community WhatsApp group. Since then, she's taken regular steps to improve business for herself and her team, starting with calls and meetings. Durga says, "Additionally, I've established both a Facebook Messenger group and a WhatsApp group where we can address queries and offer support regularly. Moreover, I provide personalized support to my top performers, giving them the extra encouragement they need to reach their goals."

Durga's strong performance as an Independent Distributor has motivated her even more. "I'm determined to climb higher ranks within Enagic and help more people to gain that financial freedom and time flexibility for themselves and have been diligently collaborating with my team towards this goal," she says. "I actively encourage them to stay engaged with the business by conducting more go-lives and focusing on branding initiatives. We have weekly mastermind sessions to guide us on business success and if we can't attend them live, then we can watch recorded MM videos. Additionally, I'm expanding my online presence across various platforms such as Facebook, Instagram, and TikTok. My strategy includes running

multiple ads on these platforms to expedite the realization of my aspirations." After all, there's no time like the present.

Durga works hard, but by switching from IT, has achieved more family time and personal time. "I find joy in long walks, trekking, dancing, and power yoga," she says. "These activities are an integral part of my daily routine, helping me stay positive and connected to myself."

# Philippines

## Distributor Profile

**Caroline Elma Reyes**

**6A2**

A circular photograph of Caroline Elma Reyes, a woman with dark hair wearing a teal long-sleeved shirt, standing in front of a large, decorated Christmas tree. The tree is adorned with gold and white ornaments, lights, and garlands. The background is slightly blurred, showing an outdoor setting.

6A2 Caroline Elma Reyes was born and raised in Mindanao, in the Philippines. She discovered Enagic through her son, 6A3-3 Raymond Reyes, and her nephew, 6A2-3 Koko Elma. Raymond's Enagic journey made the biggest impression on her. "I totally saw the personal evolution that he had," Caroline says. "I was inspired to see him capturing the freedom of time and finances at a young age, and I said to myself maybe I could give Kangen a try too."

A photograph of Caroline Elma Reyes and her family outdoors. Caroline is on the left, wearing a denim jacket and jeans. Next to her is a woman in a light blue outfit. In the center is a man in a dark jacket and green pants. On the right is another woman in a red top and blue jeans. A small dog is in the foreground. They are standing on a paved area with trees and a house in the background.

At the time, Caroline was working full-time as a bookkeeping and accounting clerk. She was also helping her husband recover from a stroke, so Caroline had limited freedom in her life. Buoyed by her son's success, Caroline took the plunge as a fellow Independent Distributor.

Caroline didn't have any similar experiences, but has made it work. "My expertise in keeping records helped me a lot to account for my team and my professional goals in Enagic," she says. "I believe that creating a system and being committed to my dreams are my key secrets."

She made her first sale during the pandemic. “I was wondering what people really needed during that time and the first thing that popped into my mind was that they needed an income stream,” Caroline says. “I was telling my friends that I was offering free coaching sessions on how I can really support them around this area. Every time at the end of the call, they ended up buying their Kangen Water® machines and somehow started to refer clients. It was very comforting to know that I was able to help my friends during that very dark time.”

Caroline doesn't just focus on business with her team, which has been an approach that has paid off for everyone. “I communicate with my values of love, compassion and courage in allowing them to see what is possible for them,” she says. “I always bring them to training and events and most of all I always encourage them to invest in personal growth and mastery.”

Caroline had a childhood “full of fun memories” and at least partly due to her work as an Independent Distributor, has built a fulfilling home and life of her own. “I am able to express my creativity through my plants, my pets and my family,” Caroline says. “I travel to different places with a lot of freedom... I am able to visit my friends and tell them about Kangen Water®.”

“The future is indeed bright,” Caroline says. “I am energized by the possibilities that I can expand more on my Enagic journey with the help of my son, Raymond, and family: 6A2 Diana Reyes and 5A Charmaine Reyes. I am looking forward to building a team of youngsters who have the capacity to bring the Enagic business to its potential. I see my team as I pray to God to more families and organizations for them to embrace the True Health philosophy.”

# Australia

## Distributor Profile

**Ramandeep Kaur Brar**

**6A**

6A Ramandeep Kaur Brar is originally from Punjab in Northern India, where she grew up and studied in a small village named Rajiana. After she got married in 2009, Ramandeep and her husband moved to Adelaide, Australia, where they have lived since.

An advertisement for Kangen Water® on social media initially intrigued Ramandeep. Her mentor, 4A Shub Bath, introduced her to Enagic. “I used to work in healthcare for 12 long years including weekends for extra money,” she says. “Finally I found Enagic, which changed my life.”

“I have loved Enagic from day one,” Ramandeep says. “Products are amazing. The business plan is outstanding. I am my own boss. I can work anywhere. And it’s global.” Motivated by what she saw and tasted, Ramandeep committed to becoming an Independent Distributor.

She purchased a K8 Trifecta - K8, Anespa DX & Ukon Sigma - and promptly sold the same impressive combo to Kangen Water® user Jagandeep Kaur Sandhu.

Ramandeep is now a full-time Independent Distributor. “My main goal is to reach 6A2-3,” she says. “I am working hard to achieve, learn and grow.” She organizes regular meetings and one-on-one coaching with her team to help make her ambitious goal a reality.

# Vietnam

## Distributor Profile

**Luong Dinh Hiep**

**6A2**

“I was a famous artist in Vietnam,” 6A2 Luong Dinh Hiep says. “My monthly income was also very stable. But after the COVID-19 epidemic in 2021, I reconsidered that I should have a better side job to support my family.” He has a wife and 3 children and needed to make a change.

Luong was born in Thái Nguyên, a northern province in Vietnam, and now lives in Ho Chi Minh City. Luong has been a touring singer for years. After learning about Enagic, it didn't take long for him to gravitate towards and start promoting Kangen Water® and the company's other “quintessential” products.

“Previously, I studied at the University of Agriculture and Forestry, so I also knew about pH, humidity, excess acidity, related things that are not good for the body, as well as plants and animals,” he says. “Thanks to that, my knowledge later greatly supplemented my business.”

Luong sold his first Kangen Water® ionizer to a famous Ninh Binh businessperson with a "magnificent and luxurious castle," Luong says. "He supported the original machines for the entire castle. Then I met my friend, a Doctor of Chemistry, Tran Duc Hanh, who is extremely knowledgeable about pH and acids. He accompanied me and helped me have the career I have today, helping me spread the machine to many people. My friend has also opened many showrooms."

Luong also opened three Kangen H Mizu 102 showrooms in Thái Nguyên, Bình Dương, and Hà Nội to introduce Enagic products to more people. "I'm extremely proud to have so many business teams learn this business model from me," he says. "They consider me an example to learn from. I am the pioneer to bring this Kangen Water® machine to Vietnam officially," Luong adds. "Previously, this Kangen Water® machine was brought to Vietnam without an official license, so users were inconvenienced in many ways." Luong remains an artist first, but Independent Distribution has become another big part of his life in Vietnam and beyond. His approach has been successful so far. He even recruited another well-known artist, Dan Truong, to help spread Kangen Water® across Vietnam.

Luong has a demanding schedule, but stays connected with his fellow Independent Distributors. "I always keep in touch with team activities so that I can transmit positive energy to all teams about how to do business and how to introduce this machine to consumers," he says. "I'm always looking for people who know about medicine, people who understand the human body, people who are passionate about health, and are passionate about business to work together to spread this machine with me." He hopes to help open more showrooms throughout Vietnam.

"Due to the nature of my work, my time is very tight, so whenever I feel free, I take my family out to play, eat, go to the movies, and travel," Luong says. "My dream is to take my children to visit Japan. When I come to Okinawa, the day I grow a Bonsai tree, I will show my children the Bonsai tree named for 6A2 Luong Dinh Hiep and be proud of it." He's referring to Enagic's practice of planting a tree in an Independent Distributor's name when they reach a 6A2-3 rank or above. "I also like reading newspapers to see and research the latest news in the publishing world," he says. "Being passionate about technology helps me spread Kangen Water® better."

## SPECIAL MESSAGE TO ENAGIC 6A DISTRIBUTORS

At Enagic, everyone starts from 1A and first aims for the significant goal of reaching 6A rank. This journey requires tremendous energy and passion directed towards achieving this goal.

We extend our heartfelt congratulations to the new 6A achievers and support the distributors who are currently striving to achieve this milestone.

Those who have already attained a rank of 6A or higher should recall the passion, motivation, and energy you once devoted towards that accomplishment.

With the same mindset and dedication, we ask you to actively support your upcoming 6A distributors, as a true leader of Enagic.

Thank you for your leadership,  
Enagic Marketing HQ

# DAILY 6A RANK-UP ACHIEVEMENT

## GROUP SUPPORT CONTEST

### CHECK THE DSP!

Find the contest multiplier and bonus charts at the **Distributor Support Portal (DSP)**. Use the DSP to check on latest contest achievers, the status of your downline distributors, your current group sales, and more.

### ELIGIBILITY

Open to all existing Enagic distributors and new distributors who joined during the contest period.

### OBJECTIVE

- Motivate current 1A-5A distributors to achieve 6A
- Encourage direct sponsor and upline 6A and above to support and mentor potential new 6As

STARTS AUGUST 1 - TBD

**LET'S BECOME 6A TODAY!**

### RULES

- When a new 6A distributor is born, the "new 6A distributor," the "direct sponsor," and the "upline 6As and above ranked distributors" will have a chance to win the DAILY contest bonus. A base point will be set for the upcoming new 6A distributors (1A-5A), based on their "total sales standing at the beginning of the contest month" (please refer to chart).
- Once the distributor becomes a 6A, the direct sponsor and the upline 6A and above ranked distributors (6A-6A27) will also join the contest with a specific multiplier point based on their current distributor rank.
- The new 6A distributor will also have a multiplier point based on which distributor rank they started the contest (please refer to chart).

# Nepal Distributor Profile

**Puja Ghaju**

**4A**

4A Puja Ghaju grew up in Pokhara, a scenic city featuring mountain lakes in central Nepal, and currently lives in Kathmandu, the capital city.

She learned about Kangen Water® from her mentor, 5A Abina Bhandari, through Instagram. This was the push Puja needed to change careers. “I left my 9-year software developer job after having a second child,” she says. “I wanted to be engaged in something productive from home while taking care of my adorable daughters.” Enagic’s patented 8-point compensation plan, which provides freedom to perform at your own pace, spoke to her current needs.

Puja's previous experience has helped her to confidently navigate Independent Distribution. "I completed an MBA with Distinction from Kantipur Valley College, Kathmandu," she says. "And my major was Marketing, which is useful for this business."

Puja made her first sale, a Leveluk JrIV, to 1A Sandhya Acharya. Puja recalls, "I shared about the bright aspects of this business."

- "Personal and professional growth from the comfort zone"
- "Learning and earning opportunity while taking care of kids full time"
- "Time flexibility and financial security being my own boss"

Puja already achieved her initial goal, "making history by being the fastest 3A from Nepal," achieving that rank in just four months. She built on that success by becoming the fastest 4A from Nepal, in just seven months. Puja says, "Now my new goal is 6A within 1 year."

She's taken a proactive approach to Independent Distribution that's proving effective. "I get in touch with my business partners on a daily basis and help them build their business by motivating and inspiring them to give their 100%," Puja says. "If I can do it, you can do it too."

In May, Enagic Indonesia distributors from “The 501 Unify Group” held Enagic Business Breakthrough Seminars in two cities. Over 600 participants attended two lively events on May 19 in Jakarta and on May 26 in Solo, Central Java.

Several speakers appeared at the seminars, motivating guests to achieve breakthroughs.

- Enagic Indonesia Branch Manager Widia Hartono updated attendees on local and global Enagic matters on the eve of the company’s 50th anniversary and global convention in Okinawa.
- Andry Barlian and his wife Reni Indiawati, who both have 6A2 ranks, had backgrounds as successful entrepreneurs before turning their full attention to Independent Distribution.
- 6A Frans Rahardian, a banker, and his wife, 4A Natalia, a housewife, have been successful Independent Distributors by teaming with mothers who have factory worker backgrounds.
- 6A2 Aldio Martiano built their Independent Distribution business after several ups and downs. He shared a vision for how he overcame initial failure and struggled to realize the dreams of his family and parents to find his own path to success.

Other top leaders attended these Enagic Business Breakthrough Seminars, including 6A4-3 Diparama Malano, 6A2-3 Erik Adhi Rianto, 6A10-4 Triyadi Joko Cahyadi, 6A2-4 Meirinnasari and Oce Tony, and 6A4-5 Teddy Hendryana.

Enagic Business Breakthrough Seminars participants were inspired by the successful journey of the four main speakers. They left the events enthusiastic about collaborating with Enagic as Independent Distributors and about helping more Indonesian people find True Health and lead prosperous lives.
